Spice up your data structures & algorithms class with the **BRIDGES** framework & curriculum!
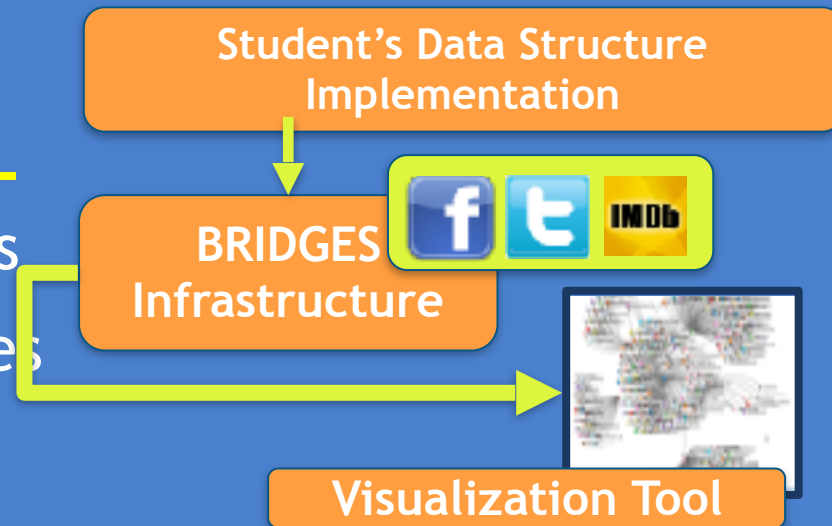

BRIDGES Training Workshop for CS Educators
June 6, 2018 | Temple University | Philadelphia, PA

Learn how your students can:

- Easily connect to **dynamic, real-world data** in their own projects

- Explore their own data structures with **interactive visualizations**

Student's Data Structure Implementation

BRIDGES Infrastructure

Visualization Tool

Stipends available for workshop attendance!
